

Use your computer for a Televisit

Your computer must have a built in camera with microphone. Before starting your Televisit ensure that you are in a private and quiet area with good internet connection.

1. 15 minutes prior to your appointment go to http://www.horizonsfamilymedicine.com and **click on "Patient Portal."**

2. Login to your Patient Portal

5. Your computer will automatically run a system compatibility check. Wait for your computer to complete this process. Once it finishes you will be able to click "Proceed" on the bottom left of the screen.

6. When you are ready to start your visit click "Start Televisit."

7. At this screen you will wait for your provider to connect. This may take a few minutes.

8. Once your provider joins your visit will begin. When the visit is complete click the red phone icon at the bottom of the screen.
